

Star Song

Joseph Arthur

You got a lot of nerve, dear
To treat people that way
You need to find a lover
Who could hear what you could not say

Need a little time away, dear
Need a little time away
Need a little time away, dear
Need a little time away

You set the world on fire
But you never got away
You want to take it higher
But you ain't got a place to stay

Need a little time away, dear
Need a little time away
Need a little time away, dear
Need a little time away

You need to find a dream
That could give what you could not pay
Cuz you got the ears of the world now
But you ain't got a thing to say

Need a little time away, dear
Need a little time away
Need a little time away, dear
Need a little time away
