

The Flag

Joseph Arthur

Though you're gone
You're still here
In Jimmy's eyes
And Linda's tears

Your picture sits
Upon the wall
I think you'd say
Don't give up

Today I think I've had enough
Without you here I'm not that strong
There's no one else I want to touch
Cause I wish you were near
I wish you were near

The army came
They had your stuff
It's in the basement
With the flag
We used to say
In God We Trust
But I'm not sure
Anymore

Today I think I've had enough
Without you here I'm not that strong
There's no one else I want to touch
Cause I wish you were near
I wish you were near
