

Watch Our Shadows Run

Joseph Arthur

You betrayed me
You were the only one
I let inside
If anyone could save me
You were the only one
To survive
All my deceit
In the darkness of a dead end street

Here comes the sun
Watch our shadows run
It's a war
No one ever won

I betrayed you
I was the only one
You let inside
If anyone could save you
I was the only one
To survive
All your deceit
On the corner of a crowded street

Here comes the sun
Watch our shadows run
It's a war
No one ever won

Here comes the sun
Watch our shadows run
It's a war
No one ever won
