You Could Be in Jail

Joseph Arthur

Don't believe in dreams
You are from a machine
Oh don't
You could be in jail

Brainwashing you
They control
Everything that you do
Oh don't
You could be in jail

They say they have the answer
But no one knows a thing
They say they know your way home
Some place you've already been

Don't believe in love
They came
Without any blood
Oh don't
You could be in jail

Take in what you make
Say they will save you
Giving back what you gave
Oh don't
You could be in jail

They say they have the answer
But no one knows a thing
They say they know your way home
Some place you've already been
