

## Priceless

Joseph Black

For the bag, I'ma do what I gotta  
I'ma do it for myself I'ma do it for my mama  
On the gas, where I'm keepin my foot  
I got a shawty so bad they can't help it but look  
God, Damn, some shit so priceless  
When it's nights just like this  
When they see you on the top they gon pull you to the drop  
Cuz they really don't like it  
Some shit so priceless  
When it's nights just like this  
When they see you on the top they gon pull you till you drop  
Cuz they really don't like it

Ay, word on the street these bitches jealous of me  
I'm on the TV just like a teletubby  
In the back of the class smell like gas  
Had this bitch raise her hand to the teacher got to tellin on me (sni  
tchinass hoes)  
Same bitch inside my DMs now  
Same mufuckas that I see in the crowd  
Be the same mufuckas used to talk to me down like "you ain't finna ma  
ke it boy give up now"  
Fuck it this a million dollar voice  
This a thousand dollar fit  
And I'm boutta make a choice like  
Do I spin the opps block or do I let it go?  
Caught em at the chicken spot he dead alone  
I can feel the vibes I can  
I know I'm the way that I am  
Cuz I did this shit alone  
Take a look inside my face  
You can see that I feel great get a bag and I yell free Capone  
Get the bread stay low  
Cuz they coming for my dome  
I know I know I know  
And my city never dry keep the packs inside  
I got money inside my phone

For the bag, I'ma do what I gotta  
I'ma do it for myself I'ma do it for my mama  
On the gas, where I'm keepin my foot  
I got a shawty so bad they can't help it but look  
God, Damn, some shit so priceless  
When it's nights just like this  
When they see you on the top they gon pull you to the drop  
Cuz they really don't like it  
Some shit so priceless  
When it's nights just like this  
When they see you on the top they gon pull you till you drop  
Cuz they really don't like it
