Send me your location  
Let's focus on communicating  
'Cause I just need the time and place to come through

Send me your location  
Let's ride the vibrations  
That I don't need nothing else but you

At times I wonder why I fool with you  
But this is new to me  
This is new to you  
Initially  
I didn't wanna fall for you  
Gather my attention it was all for you

So, don't take advantage  
Don't leave my heart damaged  
To understand that things go a little bit better when you plan  
it

So, won't you send me your location  
Let's focus on communicating  
'Cause I just need the time and place to come through

Send me your location  
Let's ride the vibrations  
I don't need nothing else but you

I don't wanna fall in love off of subtweets  
So, let's keep personal  
I got a lot of cool spots that we can go  
Tell me what's the move and I got you

I'm only acting like this 'cause I like you  
Just give me the vibe to slide then  
Oh, I might make you mine by the night

So want to send me your location  
Let's focus on communicating  
'Cause I just need the time and place to come through

Send me your location  
Let's ride the vibrations  
I don't need nothing else but you
