

Rest

Joseph

Oh holy night
Choirs are singing
About the good things
Saying light and love are winning

In a world of
Goodbyes
Crossed lines
Hard times
Bad signs
Headlines are making me cry

How can I still believe for peace
What is my comfort and joy

Come in from the cold
And go slow
It's been a long and winding road

Rest
Rest
Rest
Rest

How can I still believe for peace
What is my comfort and joy

Come in from the cold
And go slow
It's been a long and winding road

Rest
Rest
Rest
Rest
