

# White Flag

Joseph

Your yelling's getting loud  
Keep it down now, keep it down now  
There's talk going 'round this town  
Keep it down now, keep it down now

Noises closing in from all sides  
Warning all the ways to die  
They say "you'd better give up  
You'd better give up"

I'll be an army, no you're  
Not gonna stop me getting  
Through  
I'll sing a marching song and  
Stomp through the halls louder than  
You

I could surrender but I'd  
Just be pretending, no I'd  
Rather be dead than live a lie  
Burn the white flag  
Burn the white flag

Whisper, move the air  
Can you hear me? Can you hear me?  
Sometimes it's all I've got to spare  
Can you hear me? Can you hear me?

Noises closing in from all sides  
Warning all the ways to die  
They say "you'd better give up  
You'd better give up"  
I say  
"I'll never give up, I'll never give up"

I'll be an army, no you're  
Not gonna stop me getting  
Through  
I'll sing a marching song and  
Stomp through the halls louder than  
You

I could surrender but I'd  
Just be pretending, no I'd  
Rather be dead than live a lie  
Burn the white flag  
Burn the white flag  
Burn the white flag  
Burn the white flag

I'll be an army, no you're  
Not gonna stop me getting  
Through  
I'll sing a marching song and  
Stomp through the halls louder than  
You

I could surrender but I'd  
Just be pretending, no I'd  
Rather be dead than live a lie  
Burn the white flag  
Burn the white flag  
Burn the white flag  
Burn the white flag
