

Without You

Joseph

You always leave the light on
I can feel it
I can tell all the way from here
Don't know what to do about it
You know I've got nothing here to give

Thought you'd be waiting up ahead
But you came back down the road for me instead

You always leave your shine on
It messed me up
It got inside my head
I thought I'd walked away
But everywhere I see your face

Thought you'd be waiting up ahead
But you came back down the road for me instead
Chorus
I don't want to be alone
Without you

Where has the time gone
I've become less certain by the day
But running into you like this
Made me feel something real
Don't want it to go away

Thought you'd be waiting up ahead
But you came back down the road for me instead

I don't want to be alone
Without you
(Tried it but I can't no more)
Without you
(Tried it but I can't no more)

Once you know something you can't unknow it
Once you feel the buzz of a lightning strike
Once you see something you can't unsee it
You've never been happier to lose a fight

I don't want to be alone
Without you
(Tried it but I can't no more)
Without you
(Tried it but I can't no more)
