

A Gift

Josh Garrels

Every mouth is like an open grave
No one searches for you face
There are none righteous ones among
All of us have gone astray
But You came and gave Yourself away
You are, the only one there is
Only by Your blood can we be saved
Oh Lord, this is a gift, from You

Those who dwell in dark will see the light
Perfect love has found a way
To be the just and justifier of
Those who call Your name by faith, Jesus
You came and gave yourself away
You are, the only one there is
Only by Your blood can we be saved
Oh Lord, it's all a gift, from You

From You

Thank You
