

Make Us Ready

Josh Garrels

Let there be oil in my lamp
Let the fire not go out
When I hear the bridegroom come
Let there be oil in my lamp
Let the fire not go out
When I hear the bridegroom come
Let there be oil in my lamp

Let there be oil in my lamp
Let the fire not go out
When I hear the bridegroom come
Let there be oil in my lamp
Let the fire not go out
When I hear the bridegroom come
Let there be oil in my lamp
Let there be oil in my lamp

So take my lamp, set it on a hill
Set it on a lamp stand
I won't be hidden
So take my lamp, set it on a hill
Set it on a lamp stand
I won't be hidden

Make us ready
Make us ready

Let there be oil in my lamp
Let the fire not go out
When I hear the bridegroom come
Let there be oil in my lamp
Let the fire not go out
When I hear the bridegroom come
Let there be oil in my lamp

Let there be oil in my lamp
Let the fire not go out
When I hear the bridegroom come
Let there be oil in my lamp
Let the fire not go out
When I hear the bridegroom come
Let there be oil in my lamp
Let there be oil in my lamp

So take my lamp, set it on a hill
Set it on a lamp stand
I won't be hidden
So take my lamp, set it on a hill
Set it on a lamp stand
I won't be hidden

I'll be filled with the Spirit of love
Come and anoint me with the oil from above
And make us ready
Make us ready
Make us ready
