

All About Y'all

Josh Gracin

It's why the color pink was made
It's why we wear cheap aftershave and bathe
It's why we left the cave
It's why we learned to play guitar
Use chopsticks and a sushi bar
It's why we butcher poetry
You make payments on a diamond ring

It's all about y'all (y'all)
Yeah, why we bathe, why we crawl
Why we aim to please, baby (please baby please)

It's all about y'all (y'all)
Make us crazy, girls, women
I don't believe this
It's why the whole world revolves
It's all about y'all

We drop our friends and exercise
Watch chick flicks and pretend to cry
Trade whiskey for white wine
It's why was invented
It's why tuxedos get rented
It's why well say that's interesting
When you're so hot is what we mean

It's all about y'all (y'all)

Yeah, why we bathe, why we crawl
Why we aim to please, baby (please baby please)

It's all about y'all (y'all)
Make us crazy, girls, women
I don't believe this
It's why the whole world revolves
It's all about y'all

On the cover of men's
And women's magazines
Daytime, nighttime TV
Shopping malls, wall to wall
You've written everything

It's all about y'all (y'all)
Yeah, why we bathe, why we crawl
Why we aim to please, baby (please baby please)

It's all about y'all (y'all)
Make us crazy, girls, women
I don't believe this
It's why the whole world revolves
It's all about y'all
It's all about y'all (please baby please)
It's all about y'all
Girls, women I don't believe this
It's why the whole world revolves
It's all about y'all
