

I Go Crazy

Josh Gracin

High heels, red dress, same color on your lips
Didn't hear a word you said 'cause I'm staring at ya
You're all up in my head messed up in the best way
And I ain't complainin'

Naw aw
There ain't nothin' to change 'bout the way you're making me fa-
all
Yeah

Girl you got me tied up twisted like a t-
tornado in a summer storm
You got me ridin' on your tidal wave every day
I don't care if I make it back to shore
I got a wild side I can't hide
One look at me baby and I, I go crazy

My truck, your place, party on the tailgate
Take this night to the morning light, whatcha think
One kiss on your lips baby got me goin' insane
And I can't stop spinning

Naw aw
You got your gravity on me and I can't help but fa-all
Yeah

Girl you got me tied up twisted like a t-
tornado in a summer storm
You got me ridin' on your tidal wave every day
I don't care if I make it back to shore
I got a wild side I can't hide
One look at me baby and I, I go crazy

Naw aw
You got your gravity on me and I can't help but fa-all
(Yeaaaaah)

Girl you got me tied up twisted like a t-
tornado in a summer storm
You got me ridin' on your tidal wave every day
I don't care if I make it back to shore
I got a wild side I can't hide
One look at me baby and I, I go crazy
Oh I go crazy
