

Brave

Josh Groban

Wake up wake up
the sun cannot wait for long
Reach out reach out
before it fades away
You will find the warmth
when you surrender
Smile into the fear
and let it play

You wanna run away run away
and you say that it can't be so
You wanna look away look away
but you stay 'cause it's all so close
When you stand up and hold out your hand
In the face what I don't understand
My reason to be brave

Hold on hold on so strong
time just carries on
All that you thought
was wrong is pure again
You can't hide forever from the thunder
Look into the storm and feel the rain

You wanna run away run away
and you say that it can't be so
You wanna look away look away
but you stay 'cause it's all so close
When you stand up and hold out your hand
In the face what I don't understand
My reason to be brave

O oh oh oh oh

Go on, go on

You wanna run away run away
and you say that it can't be so
You wanna look away look away
but you stay 'cause it's all so close
When you stand up and hold out your hand
In the face what I don't understand
My reason to be brave
