

# Everything You Needed

Josh Groban

A black cloud has filled your heart  
Follows you down in the darkness  
Don't give up on love  
It's more than enough to carry you through

But the leaves will fall, the leaves will fall, the leaves will fall  
The leaves will, the leaves will fall, the leaves will fall

Sunlight will fill you're heart again  
You're hurting now, but friend  
Your pain is the beginning  
And we might fall, but you will find  
You've lost nothing, it's there inside  
You've got everything you needed  
You've got everything you needed

You know you've come a long way  
You've come a long way already  
Day by day the seasons change  
And you might feel unsteady  
But the leaves will fall, the leaves will fall, the leaves will fall  
The leaves will, the leaves will fall, the leaves will fall

Sunlight will fill you're heart again  
You're hurting now, but friend  
Your pain is the beginning  
And we might fall, but you will find  
You've lost nothing, it's there inside  
You've got everything you needed

And don't give up  
Don't give up you know the day is coming  
Feel my love, feel the love around you  
Don't run from it  
Don't give up  
Cause you know one day you'll have the strength  
To trust again, to love again

Sunlight will fill you're heart again  
You're hurting now, but friend  
Your pain is the beginning  
And we might fall, but you will find  
You've lost nothing, it's there inside  
You've got everything you needed  
You've got everything you needed

You've got everything you need
