

## So She Dances

Josh Groban

A waltz when she walks in the room  
She pulls back the hair from her face  
She turns to the window to sway in the moonlight  
Even her shadow has grace  
A waltz for the girl out of reach  
She lifts her hands up to the sky  
She moves with the music  
The song is her lover  
The melody's making her cry  
So she dances  
In and out of the crowd like a glance  
This romance is  
From afar calling me silently

A waltz for the chance I should take  
But how will I know where to start?  
She's spinning between constellations and dreams  
Her rhythm is my beating heart

So she dances  
In and out of the crowd like a glance  
This romance is  
From afar calling me silently

I can't keep on watching forever  
I give up this view just to tell her

When I close my eyes I can see  
The spotlights are bright on you and me  
We've got the floor  
And you're in my arms  
How could I ask for more?

So she dances  
In and out of the crowd like a glance  
This romance is  
From afar calling me silently

I can't keep on watching forever  
And I'm givin' up this view just to tell her
