Small Town Boy

Josh Kelley

Everyone wants to be a small town boy With big town dreams in a small town world So I express your fears to a fresh pair of ears And I'll tell you once and then make you steer

Cause I already know Cause I already know

Image is dead for the price of your sight So they'll say, then change your mind Express your tears to a new found fear And trust the one with the following cheer

Cause I already know Cause I already know

Let's get out of here Let's get out of here

So this is your change, don't mess it up Cause everyone is watching You know everyone is watching you

So this is your dance Make of it what you will Cause you know everyone is watching you

Let's get out of here Let's get out of here...
