

# SOMETHING MORE

Josh Levi

I hope you feel  
Just how I feel  
Just say you will  
Just come my way when you got some time to kill

When I don't have the lines  
But you're in my mind  
Could you hear me talking to you, baby  
From the inside  
Baby, tell me how deep  
Are you willing to dive  
Say it with your body, baby  
You don't gotta tell me twice

Sometimes I don't wanna think  
Sometimes I don't wanna talk  
Sometimes I just wanna stay inside  
I don't need nothing more  
Sometimes I just want a drink  
Feels right, but I know it's wrong  
Sometimes I just wanna see my baby pull up at my door

(I, I, I) Needed love  
Wanna feel  
Something more  
Would you stay  
Would it leave  
Would you go

I'll follow you  
Girl, would you take me with ya?  
Could you take me like a picture  
Pull me in like magnetism, oh, oh-oh, oh-oh, oh, ah  
Up against you want that friction  
'Cause you losin' all your diction  
Got you speechless, when

When I don't have the lines  
But you're in my mind  
Could you hear me talking to you, baby  
From the inside  
Baby, tell me how deep  
Are you willing to dive  
Say it with your body, baby  
You don't gotta tell me twice (Oh-oh, oh)

Sometimes I don't wanna think  
Sometimes I don't wanna talk  
Sometimes I just wanna stay inside (Inside, oh, yeah)  
I don't need nothing more  
Sometimes I just want a drink  
Feels right, but I know it's wrong  
Sometimes I just wanna see my baby pull up at my door

(I, I, I) Needed love (Need)  
Wanna feel (Want)  
Something more

(Need) Would you stay (Would you stay)  
Would it leave (Leave)  
Would you go

(Leave your love, baby)  
Baby, yeah (Oh)
