Alaska

Josh Record

I wait down to the farewell to make all night
Did it in the shadow of the mountain deep to the night
Uuh into the night

And I see right to the river, are we out of mind?
In the secret of the garden what we'll find?
What we'll find?

Miles and miles above the first place home
Hold you in my arms and then let you go
Miles and miles above the first place home
Hold you in my arms and then let you go
