

# Honey I Do

Josh Ritter

Do you ever get the feeling honey I do  
Do you ever get the feeling honey I do  
They beat you til you're broken and you're all blues  
They beat you til you're broken and you're all blues

And ain't nobody ever gonna love you  
And ain't nobody ever gonna love you  
And ain't nobody ever gonna love you  
Again

They wring your little heart  
Like a rabbit  
Like a rabbit  
Honey why they gotta smash and grab when they could  
Just have it  
Just have it

And ain't nobody ever gonna love you  
And ain't nobody ever gonna love you  
And ain't nobody ever gonna love you  
Again  
Again

And ain't nobody ever gonna love you  
And ain't nobody ever gonna love you  
And ain't nobody ever gonna love you  
Again

And ain't nobody ever gonna love you  
And ain't nobody ever gonna love you  
And ain't nobody ever gonna love you  
Again  
Again
