

Namin' Names

Josh Ross

They said she had a smile on her face
They said she had love drunk eyes
They said she had a drink in her hand
2 for 1 on a Thursday night

They said she wasn't dancing alone
When they played an old slow song
Right around 2am she was leaning in
And when the lights came on...

Somebody said they saw somebody
With strawberry blonde hair walkin' down main street
Out of a bar hangin' on somebody
To an F-150 climbin' up that bench seat
Oouuu
Sounds like what we used to do
And I don't know the whole damn truth
Somebody said they saw somebody
I ain't namin' names
But it sure sounds a lot like you (yo-ouuu) (yo-ouuu)

Sounds a lot like you're moving on faster
Sounds a lot like you ain't hung up
If I had a shot of gettin' you back girl
It sure sounds like it's over now 'cause

Somebody said they saw somebody
With strawberry blonde hair walkin' down main street
Out of a bar hangin' on somebody
To an F-150 climbin' up that bench seat
Oouuu
Sounds like what we used to do
And I don't know the whole damn truth
Somebody said they saw somebody
I ain't namin' names
But it sure sounds a lot like you

A lot like us
A lot like somebody's takin' my place
A lot like nights
That we stayed up
Girl I ain't namin' names but...
Somebody said they saw somebody
(Yo-ouuu)
