

Smith & Wesson

Josh Ross

It's 2:00 a.m. on the dash right now
Going through 11:34 upside down
Imagination running like her CJ-7, gonna be the death of me if I let
it

Oh, pull the top off the bottle, take a few off the shelf life
Oh, watching her roll out, damn, sure felt like

Shot, shot, straight through the heart
Them taillights fading in the dark
On Michelins, smoking like a 3-57
Blue-eye goodbye, made by Smith & Wesson

A girl like her, she doesn't miss
Ain't no coming back from this
Bullet out the barrel, kinda gone she's getting
Blue-eye goodbye, made by Smith & Wesson

How's it hurt like hell and I ain't even bleeding?
If we're keeping score, nah, we didn't break even
One more round like it's gonna get my head right
Watching her leave, damn, sure felt like

Shot, shot, straight through the heart
Them taillights fading in the dark
On Michelins, smoking like a 3-57
Blue-eye goodbye, made by Smith & Wesson

A girl like her, she doesn't miss
Ain't no coming back from this
Bullet out the barrel, kinda gone she's getting
Blue-eye goodbye, made by Smith & Wesson
