

# Trouble

Josh Ross

I don't wanna spend another night alone  
Reaching for the space you left in our bed tonight  
So I guess I'll call some buddies up  
Get gone, take another shot in some Broadway dive  
I might give you a drunk dial  
Just to tell you what you already know

Baby I'm in trouble  
Steady missing you  
I'm getting through another double  
A white flag waving, come and save me  
Might be reckless but I can't help it  
So if you could would you just come back home?  
'Cause baby I'm in trouble  
Baby I'm in trouble

Heading straight for another memory  
Trying to stay afloat on this old barstool  
Wishing you would call but you won't  
That it'll get better but it don't  
'Cause Jack D and Jesus ain't you

Baby I'm in trouble  
Steady missing you  
I'm getting through another double  
A white flag waving, come and save me  
Might be reckless but I can't help it  
So if you could would you just come back home?  
'Cause baby I'm in trouble  
(Baby I'm in trouble)

Wishing you would call but you won't  
That it'll get better but it don't  
'Cause Jack D and Jesus ain't you  
Baby I'm in trouble  
Baby I'm in trouble

Baby I'm in trouble  
Steady missing you  
I'm getting through another double  
A white flag waving, come and save me  
Might be reckless but I can't help it  
So if you could would you just come back home?  
'Cause baby I'm in trouble
