

## Christmas With Jesus

Josh Rouse

And my conscience  
Has it stripped down to a science  
why does everything  
Displease me still I'm trying

And it's so very hard  
To ask for a part in your Christmas  
I'm getting in  
It's easy when your friend's with Jesus  
With Jesus, with Jesus, with Jesus

He's coming inside me without reason  
As I sit here waiting for his signal

And I ask of the Lord  
To spare me his sword of forgiveness  
'Cause it's so very hard  
To ask for a part in your Christmas with Jesus
