

# Down For A Get Down

Josh Thompson

Got my 40 clocked in, ready for some rockin'  
Friday night pockets are full of green  
Gonna get a little get right, loosen up the uptight  
Lookin' like a good night to cause a scene  
I hear cold beer callin'

Whoa-oh whoa-oh, waiting on the sun to go  
Go down, go down, down in this little town  
Come on, come on, let's get up to no good  
Let me hear you holler if you're down for a get down

Parking lot's filled up, drinking from a red cup  
Girls with the big buzz ready to dance  
Country boys dippin' sippin' and spittin'  
Game tryna get 'em a little romance  
Ain't no slowing down now

Whoa-oh whoa-oh, waiting on the sun to go  
Go down, go down, down in this little town  
Come on, come on, let's get up to no good  
Let me hear you holler if you're down for a get down

Whoa, whoa  
Everybody do you wanna get loud  
Whoa, whoa  
Yeah, if you're with me let's break it on down

Got my 40 clocked in, ready for some rockin'  
Friday night pockets are full of green

Whoa-oh whoa-oh, waiting on the sun to go  
Go down, go down, down in this little town  
Come on, come on, let's get up to no good  
Let me hear you holler  
Whoa-oh whoa-oh, waiting on the sun to go  
Go down, go down, down in this little town  
Come on, come on, let's get up to no good  
Let me hear you holler if you're down for a get down
