

## Same 'Ol Plain 'Ol Me

Josh Thompson

You can take me out of the pick up truck and put me in a Cadillac  
ac  
Shave my face and cut my hair, throw some new clothes on my back  
Sit me down in fancy restaurant  
I'd still order a ketchup and sweet tea  
I'd be the same ol plain ol me

Seen a lot of people pack it up and head on down the road  
They come back every now and then  
Complain that we're moving too slow  
They got a big old pile of money in the bank  
But I'm still listening to Hank and wearing these jeans  
I'm the same ol plain ol me

Still got a ding in the door on my paid for four by four  
A little shack on the hill with a charcoal grill and a garden full of weeds and corn  
No you ain't gotta look too hard to see  
I'm the same ol plain ol me

I've never been much of a Romeo  
But my sugar baby she don't mind  
She keeps me in them kisses and I keep her satisfied  
I'd buy her a bigger ring if I could  
But the promise behind it's still good I guarantee

Because I still got a ding in the door on my paid for four by four  
A little shack on the hill with a charcoal grill and a garden full of weeds and corn  
No you ain't gotta look far to see  
I'm the same ol plain ol me

I still get crazy on a Saturday night  
Still find me howling at the full moonlight  
Like to take a little dip and a moonshine dip  
Just waiting on a catfish bite  
No you ain't gotta look too hard to see  
I'm the same ol plain ol me
