# Desperately

**Josh Turner**

Every night it's the same
I hear you callin' my name
You're lyin' next to me

I give into your charms
You disappear in my arms
I realize it's just a dream

Desperately, I long to feel your touch
But you left me all alone in love and know I...

Shake the sleep from my head
And try to crawl out of bed
Today is just another day

I make the coffee for one
I turn the radio on
Pretend that everything's okay, but

Desperately, I long to feel your touch
But you left me all alone in love, and now I...

Know there's no reason to smile
It's gonna take me awhile
But I still love you desperately

Desperately, I long to feel your touch
But you left me all alone in love, and now I...

Watch the sun goin' down
There ain't nobody around
I feel the night in the breeze

I keep on tellin' myself
I don't need nobody else
And I can do as I please, but

Desperately, I long to feel your touch
But you left me all alone in love, and now I...

Desperately, I long to feel your touch
But you left me all alone in love

And every night it's the same
I hear you callin' my name
I still love you desperately

I still need you
I still want you
I still love you desperately

I still need you
I still want you
I love you desperately
