

## No Rush

Josh Turner

Darlin', it seems like the whole world's just turnin' so fast  
Everything's changin' and we're just tryin' to keep up  
But we've got something special here  
Something worth waitin' for  
Yeah, we're right on the edge of fallin'  
Fallin' in love

No rush, no rush, ain't this world turnin', baby  
Fast enough  
Let's slow it on down to just the two of us  
No rush

Walkin' (walkin') an' talkin' (talkin')  
Dreamin' with you, wonderin' (wonderin')  
And tell me baby, I've been wonderin'  
Are you feelin' it too

No rush, no rush, we've got forever, baby  
For catchin' up  
Let's lay it on back to the speed of love  
No rush

No rush, no rush, ain't this world turnin', baby  
Fast enough  
Let's slow it on down to just the two of us  
No rush

No rush, no rush, we've got forever, baby  
For catchin' up  
Let's lay it on back to the speed of love  
No rush  
Let's slow it on down to just the two of us  
No rush
