

Pretty Please

Josh Turner

Never seen blue eyes lookin' so blue, baby
Never seen nothin' shinin' like you, baby
It's true, baby
Never had a neon jukebox dance, baby
That holds a candle to you movin' like that, baby
I'm beggin' you, baby

Pretty please, won't you make my night
Chase the sun 'round the moon 'til the mornin' light with me
Pretty please, feels pretty dang, right
Me spinnin' you around and holdin' you tight
On this old dance floor, can we do it some more
Pretty please

I swear they can't get these lights too low, baby
No such thing as swayin' too slow, baby
I hope this song don't ever quit playin', ya never get tired of
me sayin'

Pretty please, won't you make my night
Chase the sun 'round the moon 'til the mornin' light with me
Pretty please, feels pretty dang, right
Me spinnin' you around and holdin' you tight
On this old dance floor, can we do it some more
Pretty please

Pretty please, it's a pretty good sign
You smilin' at me when I say it just right
Pretty please, feels pretty dang, right
Me spinnin' you around and holdin' you tight
On this old dance floor, can we do it some more
Pretty please
Pretty please
