

# The River (Of Happiness)

Josh Turner

There's a river way out yonder  
Beyond the valley, across the plain  
There's a river where I'm goin'  
When my Savior calls my name

No more cryin', no more weepin'  
No more sad or lonely days  
'Cause on that river, I'll be smilin'  
When my Savior calls my name

And we will sing sweet hallelujahs  
Praises to our glorious King  
Won't you come with us  
To the river  
The river of happiness  
The river of happiness
