

Whirlwind

Josh Turner

I was out standin' in my field
Happy to be alone
Next thing I knew, from outta the blue
She blew in like a storm
She showed me what love could be
She swept me off my feet

It's like I'm in a whirlwind
She's a mighty strong girlfriend
My head is spinnin' from the gale-force love we're in
She wasn't showin' on my radar
Until she showed up in my heart
It's like I'm in a whirlwind

She's got me goin' 'round and 'round
Flyin' like a double-wide
Ever since she touched down
It's been a heck of a ride
I'm twisted steel, head over heels
I love how she makes me feel

Yeah, it's like I'm in a whirlwind
She's a mighty strong girlfriend
My head is spinnin' from the gale-force love we're in
She wasn't showin' on my radar
Until she showed up in my heart
It's like I'm in a whirlwind

I'm a mile above the ground
And I don't ever wanna come down

From outta this whirlwind
She's a mighty strong girlfriend
My head is spinnin' from the gale-force love we're in
She wasn't showin' on my radar
Until she showed up in my heart
It's like I'm in a whirlwind
Yeah, I'm glad I'm in this whirlwind

Oh, I'm feelin' dizzy
