

Getaway

Josh Ward

Hey baby, what do you say? Let's getaway
Yeah we'll fire up that ol' pick up truck
And head south on the interstate
Got a bottle of shine and some cheap red wine
Hey baby, what do you say?
Hey baby, what do you say? Let's getaway

So we've been puttin' this off for a long time
Gotta a couple of kids and a hill to climb
Hey life ain't what it used to be
But I remember your hair across your back
Sleepy little town right across those tracks
Ridin' around in your ol' red Trans Am
Yes Ma'am!

Hey baby, what do you say? Let's getaway
Yeah we'll fire up that Dodge pick up truck
And head south on the interstate
Got a bottle of shine and some cheap red wine
Hey baby, what do you say?
Hey baby, what do you say? Let's getaway
Oh get on it son

Well your daddy said, "Son you look like a man
But I've got this gun that makes a lonesome sound"
Hey baby, what do you say? Let's getaway

Well I remember your hair across your back
Sleepy little town right across those tracks
Ridin' around in your ol' red Trans Am
Yes Ma'am!

Hey baby, what do you say? Let's getaway
Yeah we'll fire up that Dodge pick up truck
And head south on the interstate
Got a bottle of shine and some cheap red wine
Hey baby, what do you say?
Hey baby, what do you say? Let's getaway
