

Together

Josh Ward

There's a lot about me that you don't know
There's a whole lot of things that I don't show
But you can tell when something's weighin' on my mind
You always find a way to make things right
Oh but girl you got me pourin' my heart out tonight

You're the rock to wrap my arms around
My true north when I'm headed south
A lighthouse in my darkest harbor
When I think it couldn't get any harder
You calm the seas when the waves get rough
I'm sinkin' down you lift me up
You give me shelter in the stormy weather
Even when I'm holdin' you
You're holdin' me together

I won't lay my burdens down
On your back for you to carry around
So girl I hope that you understand
It's just a part of me bein' a man
Oh but girl you got me pourin' my heart out tonight

You're the rock to wrap my arms around
My true north when I'm headed south
A lighthouse in my darkest harbor
When I think it couldn't get any harder
You calm the seas when the waves get rough
I'm sinkin' down you lift me up
You give me shelter in the stormy weather
Even when I'm holdin' you
You're holdin' me together

Girl you show me everyday
But I love it more when I see you say

You're the rock to wrap my arms around
My true north when I'm headed south
A lighthouse in my darkest harbor
When I think it couldn't get any harder
You calm the seas when the waves get rough
I'm sinkin' down you lift me up
You give me shelter in the stormy weather
Even when I'm holdin' you
You're holdin' me together
You're holdin' me together
