

# Walkin' In My Boots

Josh Ward

The way he looks you in the eye  
The way he shakes your hand  
The way he says "yes, sir" and "yes, ma'am"  
The way he just don't quit  
The way he's wild and free  
The way he reminds me of me

He's walking in my boots, doing what I do  
Acting like I did, talking like I talk  
It scares me to death 'cause when I look at him  
Is everywhere I've been just where he's headed to?  
He's walking in my boots

He's gonna get thrown off  
He's gonna lose and win  
He's gonna climb back on and get thrown off again  
He's gonna go too fast  
Gonna drink more than a few  
Yeah, that boy's gonna break a heart or two

He's walking in my boots, doing what I do  
Acting like I did, talking like I talk  
It scares me to death 'cause when I look at him  
Is everywhere I've been just where he's headed to?  
He's walking in my boots

Oh

He's gonna live and learn  
Gonna find out which bridge to cross and which to burn

Walking in my boots, doing what I do  
Acting like I did, talking like I talk  
It scares me to death 'cause when I look at him  
Is everywhere I've been just where he's headed to?  
He's walking in my boots

He's walking in my boots
