

Cherry Blossom

Joshua Bassett

(Oh my, my, my cherry blossom)
(Oh my, my, my cherry blossom)

Cherry blossoms on your sundress
Summer skin on the emerald grass
You pick a flower and pray it lasts
Seasons falling away too fast

Yeah, we talk too much, we fell headfirst under the sun
And we're growing up but we're still young enough to crush

Oh my, my, my cherry blossom
Say you're staying through the autumn
Oh my, my, my cherry blossom
Cherry, I'm falling

You bag the picnic, I'll pick you up
Is it too early to call this love?
Some kids kissing in the sun
I'll never ever get enough

Yeah, we talk too much, we fell headfirst under the sun
And we're growing up but we're still young enough to crush

Oh my, my, my cherry blossom
Say you're staying through the autumn
Oh my, my, my cherry blossom
Cherry, I'm falling

Cherry blossoms on your sundress
Summer skin on the emerald grass
You pick a flower and pray it lasts
Seasons falling away too fast

Oh my, my, my cherry blossom
Say you're staying through the autumn
Oh my, my, my cherry blossom
Cherry, I'm falling

I'm falling (Cherry blossom)
(Ch-ch-ch-cherry blossom)
(Cherry) I'm falling
(Cherry) Cherry blossom
(Cherry) I'm falling
I'm falling
