

Happy Burthday

Joshua James

Oh, happy birthday
Happy birthday
The wind gonna blow
Then it's all gonna take you away
Happy birthday
Happy birthday
The wind gonna blow
Then it's all gonna take you away

Every day is another gift for free
No coin, no dollar gonna buy you a seat
I figure no man really knows the heat
No no no, not they, not me
Not me

Happy birthday
Happy birthday
The wind gonna blow
Then it's all gonna take you away
Happy birthday
Happy birthday
The wind gonna blow
Then it's all gonna take you away
