

Red Maple Coffin

Joshua James

I don't know where the road goes
No I don't know where you'll end up
I'd be more than willing to join you in seeing
But I'll need a couple more years to head up
And I don't know where you came from
And I don't know if it goes on
I'm taking no side, I can't trust my mind
It just hasn't seen quite enough

Wherever you are, wherever you are
Wherever you are, I'm gonna be there soon

I got news later in the evening
That you took your own life in the day
I shook on the carpet, unable to stop it
Wishing the feeling away
And now I'm staring at a red maple coffin
And they're telling me you're hiding inside
But who are they kidding? I still see ya sitting
At the top of the mountainside

Wherever you are, wherever you are
Wherever you are, I'm gonna be there soon
