

Don't you remember when you told me you love me, baby?  
Don't you remember when you asked me to take your hand?  
Don't you remember when you told me you love me, baby?  
Don't you remember when you asked me to take your hand?

Long ago, and, oh, so far away  
I fell in love with you before the second show  
And your guitar, it sounds sweet and clear  
But you're not really here, it's just the radio

Don't you remember when you told me you love me, baby?  
Said you'd be coming back this way again, baby  
Baby, baby, baby, baby, oh baby  
I love you, I really do

I don't want nobody but you, darling  
I don't want nobody

Loneliness is such a sad affair  
And I can hardly wait to be with you again  
What to say to make you come again?  
Come back to me again and play your sad guitar

Don't you remember when you told me you love me, baby?  
Said you'd be coming back this way again, baby  
Baby, baby, baby, baby, oh baby  
I love you, I really do

I don't want nobody but you, darling  
I don't want nobody

Don't you remember when you told me you love me, baby?  
Don't you remember when you asked me to take your hand?  
Don't you remember when you told me you love me, baby?  
Don't you remember when you asked me to take your hand?

Don't you remember when you told me you love me, baby?  
(I don't want nobody but you, darling)  
Don't you remember when you asked me to take your hand?  
(I don't want nobody)  
Don't you remember when you told me you love me, baby?  
(I don't want nobody but you, darling)  
Don't you remember when you asked me to take your hand?  
(I don't want nobody)

(Don't you remember? Don't you remember?)
