

Today

Joshua James

Another day it's all the same
Another way to make it sane.
And here we are another breed.
Another train to make it seem all ok.

In and out of all these towns.
Spins me round, it takes me down, takes me down.
Lyin here oh what to do.
Same ole stuff it's the same old tune, the same old
Tune

Give it up, give it out,
Give it in, or give it down.
But it's all the same
Same old song, it's the same old thing
Cuz it waits, it waits on you.

Go to sleep, go to bed.
Lay it up, put down your head.
The day is o'er and the night has fallen
We'll do it all again, yeah we'll do it all again.

Give it up, give it out,
Give it in, or give it down.
But it's all the same
Same old song, it's the same old thing
Cuz it waits, it waits on you.
