

I'll Never Get to You

Joshua Radin

I burned, couldn't live without the fire
Till it faded
I took turns, been a fool, I've been a liar
Kept trading

Now I'm always callin' your name
Even when I'm runnin' away
Knowin' that I shoulder the blame
It's the truth

I'm always runnin' to you
Baby, it's you
Over and over, but I'll never get to you
Baby, it's you
You're still on my mind

You said, all the ghosts inside my head
Kept you haunted
So you left, knowing this was not the end
We wanted

Can you hear me calling your name?
Every time I'm running away
Knowin' that I shoulder the blame
It's the truth

I'm always runnin' to you you
Baby, it's you
Over and over, but I'll never get to you
Baby, it's you
You're still on my mind

But on my mind it's you
Baby, it's you
Over and over, but I'll never get to you
Baby, it's you
You're still in my mind

You
Baby, it's you
Over and over, but I'll never get to you, you, you
Baby, it's you
You're still in my mind
