

Sky

Joshua Radin

I woke dreaming we had broke
Dreaming you left me for someone new,
And you cried drying those brown eyes
Crying you're sorry, sorry won't do.

But this is the way I need to wake
I'll wake to you, and you never left me
All that I dreamt had been untrue
Open my eyes I see sky

Oh oh oh oh you know
The way to keep me on my toes
I-I-I-I'll be just fine
Just say you'll stay forever mine
Till we fall asleep tonight

Last night we had a great fight
I fell asleep in a horrible state
Then dreamt you loved my best friend
My heart would not mend
Seemed it was fate

But this is the way I need to wake
I'll wake to you, and you never left me
All that I dreamt had been untrue
Open my eyes I see sky

Oh oh oh oh you know
The way to keep me on my toes
I-I-I-I'll be just fine
Just say you'll stay forever mine
Till we fall asleep tonight

Sometimes I forget to love you like I should
But I'd never leave you
No I never would, I never would

Oh oh oh oh you know
The way to keep me on my toes
I-I-I-I'll be just fine
Just say you'll stay forever mine
Till we fall asleep tonight
