

## With Me

Joshua Radin

I don't want to leave  
You've been so kind  
Can I make a place here  
To rest my mind  
We have come so far  
The end is not in sight  
There's nothing I'd rather  
Then what we do this night  
Oh oh oh  
You'll always be here with me  
Oh, oh oh  
You'll always be here with me  
See I've been round  
And I've seen the world  
So now I know that I'm the shell  
And you're the pearl  
Cause you're like the rain  
That falls on my soul  
You washed away my pain  
And made me whole  
Oh oh oh  
You'll always be here with me  
Oh, oh oh  
You'll always be here with me  
You'll always be here with me  
You'll always be here with me  
Oh oh oh  
You'll always be here with me  
Oh, oh oh  
You'll always be here with me  
Oh oh oh  
You'll always be here with me  
Oh, oh oh  
You'll always be here with me
