

Come On

Josie and the Pussycats

I don't want to be your girlfriend
I'm just looking for a real good time alright
Can you guarantee me satisfaction
Need some action-gonna get it tonight!
So I'm telling you boyfriend
That you never met a girl like me before
Not gonna wait a long time
Better make up your mind

Are you in? Are you out?
Shake it up, shake it down!
Want to scream, want to shout?
Give it up, get it on, or get out!
Come on come on (come on come on)
Come on come on (come on come on)
Come on come on (come on come on)
Come on come on (come on come on)

You know I got my paper penny toy little boy
Replaceable, disposable fully action pose able
When everything was said and done there's plenty more where you came from
Don't just stand there looking dumb baby you're the lucky one

Are you in? Are you out?
Shake it up, shake it down!
Want to scream, want to shout?
Give it up, get it on, or get out!
Come on come on (come on come on)
Come on come on (come on come on)
Come on come on (come on come on)
Come on come on (come on come on)

So come on, so do what you want to do
So come on, I can't wait around for you
So come on, It's not a mystery
So come on, so do what you want to do
So come on, I can't wait around for you
So come on, Be with me!

Are you in? Are you out?
Shake it up, shake it down!
Want to scream, want to shout?
Give it up, get it on, or get out!
Come on come on (come on come on)
Come on come on (come on come on)
Come on come on (come on come on)
Come on come on (come on come on)

Are you in? Are you out?
Shake it up, shake it down!
Want to scream, want to shout?
Give it up, get it on, or get out!
Come on come on (come on come on)
Come on come on (come on come on)
Come on come on (come on come on)
Come on come on (come on come on)
