

# Every Beat of My Heart

Josie and the Pussycats

Listen to the beat of my heart, babe.  
Listen to the song it's singin'.  
Look what you've done,  
You've started bells a ringin'.

So glad I've got to know you.  
I've found a way to show you.  
I love you just a little bit more  
With every beat of my heart.

The very first time I tasted your lovin'.  
You and me we started somethin'.  
You make me feel like I've been dreamin'.  
Baby look at the way I'm changin',  
My whole life is rearrangin'.  
Strange that I love you more  
With every beat of my heart.

I hear my heart now.  
Can't you hear it too.  
The bells are ringin' baby,  
Ringin' just for you.

(oh)  
So glad I've got to know you.  
I've learned a way to show you.  
I love you just a little bit more  
With every beat of my heart.

Come a little bit closer.  
Can't you feel my love darlin'.  
So glad I've got to know you  
I've found a way to show you.  
I love you just a little bit more  
With every beat of my heart

So glad I've got to know you  
I've found a way to show you.  
I love you just a little bit more  
With every beat of my heart.

(oh yeah, yeah, yeah)  
So glad I've got to know you  
I've found a way to show you  
I love you just a little bit more  
With every beat of my heart.

(yeah, yeah)  
So glad I've got to know you (oh yeah)
