

# Golden

Joss Stone

You don't see  
All of me  
So keep your pity  
Far from my party, I'll call if I need you...

I'm still here  
Though you seem unclear...  
Some days are perfect  
Others I might need a hand but I'll lead you...

I can still laugh about something and nothing  
I'm still that person you knew before

I can be terrified, I'm only human  
My Future Dreams are still unknown!

Hear me, know me  
Living our story  
Golden, unbroken  
In every moment

No hero, no icon, a dreamer  
Just who I am, oh

Catch me, hold me  
Telling our story  
Golden... I'm golden  
In every moment

Not empty, not over, not fallen  
I'm still who I am, oh oh

Same cliches  
Every single day  
Words with no meaning, won't change this feeling, I feel  
I surrender

I'm not courageous, I'm not a fighter  
We don't choose to win or lose

All that I need is you to rely on  
Every day is a new day, just living my way!

Hear me, know me  
Living our story  
Golden, unbroken  
In every moment

No hero, no icon, a dreamer  
I'm just who I am, oh

Catch me, hold me  
Tell me our story  
Golden... I'm golden  
In every moment

Not empty, not over, not fallen

I'm still who I am  
I'm still who I am  
I'm still who I am

Hear me, know me  
Living our story  
Golden, unbroken  
In every moment

No hero, no icon, a dreamer  
I'm just who I am, oh  
I'm just who I am

Catch me, hold me  
Tell me our story  
Golden... I'm golden  
In every moment

Not empty, not over, not fallen  
I'm still who I am
