

# Harry's Symphony

Joss Stone

This one is designed for 18 and over, over  
18 and over, over, you must be 18 and over  
Boy. won't you go home, go home to your mama, your mama  
Go home to your papa, your papa  
You're too young to be my lover

You got to be careful in this time  
Know your role and try to learn your line  
Inna this-a time you cannot move like you're blind  
Nobody move because you will get left behind

I understand you like to smoke my shisha, my shisha  
But really, where is your weed at, weed at?  
Tell me you're not a joker smoker  
A friend in need is a friend in deed  
But a friend with weed is better  
If you wanna get high, bring your own supply  
I didn't know you was a joker smoker

You got to be careful in this time  
Know your role and try to learn your line  
Inna this-a time you cannot move like you're blind  
Nobody move because you will get left behind  
You got to be careful in this time  
Know your role and try to learn your line  
Inna this-a time you cannot move like you're blind  
Nobody will stay because you will get left behind

I need you to come, Rosie, tell him to call me  
Said he didn't have a daughter, but he did have a son  
Said the lift doesn't work, run up the stairs to come  
If you don't come quick, you're not gonna see your son  
So he grabbed a bunch of roses and he started to run

Here I come  
Skippity-bop, bop, bop, Skippity-woah-oh-oh  
Here I come, here I come  
Skippity-bop, bop, bop, Skippity-woah-oh-oh  
Swing, oh, oh

Chop there, couple will be bones in  
Rock wise, dumb it down, sell music  
Footdrop, fine drum, blood story  
Bass history, is-a moving, is-a haunting, black story  
Thunder from a bass drum song and  
Lightening from a trumpet and an organ  
Bass sign written man, trumpet double up team  
With drums or a beat bound searching, beat bound searching

Bad boy, bad boy, what you gonna do, what you gonna do, when they come for you  
Bad boy, bad boy, what you gonna do, what you gonna do, when they come for you  
Excuse me, while I light my spliff  
(Next up, move forward)

You got to be careful in this time

Know your role and try to learn your line  
Inna this-a time you cannot move like you're blind  
Nobody move because you will get left behind  
You got to be careful in this time  
Know your role and try to learn your line  
Inna this-a time you cannot move like you're blind  
Nobody will stay because you will get left behind

We going to the root of the pain  
Shape it into violence for the people  
They will know what to do, they will do it  
Chop there, couple will be bones in  
Rock wise, dumb it down, sell music  
Footdrop, fine drum, blood story  
Bass history, is-a moving, is-a haunting, black story
