

# Star

Joss Stone

Give me strength  
Don't give me grief  
I don't wanna break or mend  
Your beliefs  
I wanna hear ya  
And keep my mind free  
I'm not gonna judge ya  
I hope you don't judge me

Tell me do you feel an angel somehow  
Has given you the right  
To advise the world and his wife  
How to live their lives  
Whoever you may be  
Whatever walk of life  
It's you who hold your light  
It's up to you whether to hide it  
Or let it shine

We are who we are  
Love us or move on  
Don't you know that there's a star guiding everyone  
We are who we are  
Love us or move on  
Don't you know that there's a star guiding everyone

Speak a solution  
You can keep your problems  
I hear your opinion  
And yes we've got 'em  
Somebody's trash is somebody's treasure  
Somebody's laugh is  
Somebody's pain  
Somebody's loss is somebody's gain  
It don't matter what car yo drive  
Or whatever sound you like  
It don't matter if you're praying to God  
Or trusting mother nature's strife  
What's true to you and I maybe  
Won't be right for another kind of life  
Can't we agree to disagree and we can be happy

We are who we are  
Love us or move on  
Don't you know that there's a star guiding everyone  
We are who we are  
Love us or move on  
Don't you know that there's a star guiding everyone  
We are who we are

We should be able to say what we think and make love at the end of the day  
We should be able to step out out of sin and fall back in our own kind of wa  
y  
It's ok if you don't wanna see, it's ok if you disagree  
Just reach inside of yourself and realize that we're one of a kind  
And all that you are is just fine know that you're you and I'm me  
Free to fly

Free to fall  
Free to learn, love and lie  
It's up to you to live  
If you don't know what to do with yourself, just breathe

We are who we are  
Love us or move on  
Don't you know that there's a star guiding everyone  
We are who we are  
Love us or move on  
Don't you know that there's a star guiding everyone

We are who we are  
Love us or move on  
Don't you know that there's a star guiding everyone  
We are who we are  
Love us or move on  
Don't you know that there's a star guiding everyone

Live, live, live  
Let live
