You Couldn't Kill Me

Joss Stone

Once I really fell in love
Swore you were the one to trust
Gave you everything I had
Ooh, you know it's true

You had me locked in chains
Threw me out into the rain
Even when I ran away
You dragged me back and made me stay

What were you thinking of?
I used to be so full of love
Hurt me daily just because
You wanted to
But you couldn't kill me

Was it so hard to understand?
I just needed you to hold my hand
I thought you were a man
I guess now I know the truth

You chased my dreams away
I couldn't stay
I couldn't stay

What were you thinking of?
I used to be so full of love
Hurt me daily just because
You wanted to
Just because
But you couldn't kill me

What were you thinking of?
I used to be so full of love
You hurt me daily just because
Just because you wanted to

What were you thinking of?
I used to be so full of love
You hurt me daily just because
Just because you wanted to
But you couldn't kill me

I know you tried
But I'm still alive
Yes, I'm still alive
I'm still here
