

Anyway

Journey

A place in time can make the grind
Fall out when you want to
Anyplace, anytime

All the world loves another
You know you can't find no other
Still I'm gonna love you, yeah

Anyway, anyway, anyway, anyway

Dark ... are you havin' fun
Come on out with your play toys
You got the blues on the run

All the world loves another
You know you can't find no other
Still I'm gonna love you, yeah

Yes, I'm gonna love you
Anyway, yeah yeah yeah
No, no, no, no, no, no, no, no

Feelin' low, how I loved you so
Cut out all your teasin'
You may never know

All the world loves another
You know you can't find no other
Still I'm gonna love you, yeah

Yeah, yes I know
Anyway, anyway, anyway, anyway
Anyway, anyway, anyway, anyway
Anyway, anyway, anyway
