

Live And Breathe

Journey

Dm F C G (2x)

Dm **F**
1. I've been waiting for the sky to clear
C **G** **Dm F C G**
To get me out of here, to get me on my way and go
Dm **F**
I've been waiting for a sign to appear
C **F** **Dm F C G**
To show me the way to a place I've never known
Dm F C G
All I have are my dreams
Dm F C G
Your love and blind faith
Dm F
There in the sky spins a wheel
C **G** **Dm F C G**
It's givin' me the feelin' that my dream came true today

C **G**
R1: There's a place where we two can be together
Dm **F**
Once the clouds are gone we'll both move on
G **C**
In search of all we've dreamed
G
There'll come a day... blue skies endless and forever
Dm
Well, that time has come
F **G** **Dm**
I've found the sun in you, I live and breathe

2. From the moment that I close my eyes
Feel the sun it rise, hear it echo through my soul
For the first time in this young man's life
C **G** **Dm F C G**
Makes me feel alive, fills my heart and makes me stronger
All I have are my dreams
Your love and blind faith
There in the sky spins a wheel
It's givin' me the feelin' that my dream came true today

R1: There's a place...

B **F**
*: Somewhere closer to both our hearts
Db **Ab**
Somewhere further than where we are
B **F**
Just as long as there's hope enough
Db **C**
Long as I live and breathe

Dm F C G (4x)
